SUBJECT: ITALY TO MAKE PRESENTATION AT CANBERRA MTCR PLENARY

REF: SECSTATE 65780

Classified By: Econ Counselor William R. Meara  
for reasons 1.4 (b), and (d)

(C) On June 25 Econoff delivered Missile Technology Control Regime (MTCR) points concerning the Canberra MTCR Plenary to Roberto Liotto, the Italian MFA official responsible for MTCR issues. Liotto confirmed that Italy would be giving an Information Exchange (IE) presentation at the upcoming Plenary. Liotto was not able to provide specific details, but predicted that Italy's presentation would most likely focus on missile procurement. Liotto said he would relay more information to Econoff as it becomes available.
